

Become an honorary Avenger — or at least carry the card

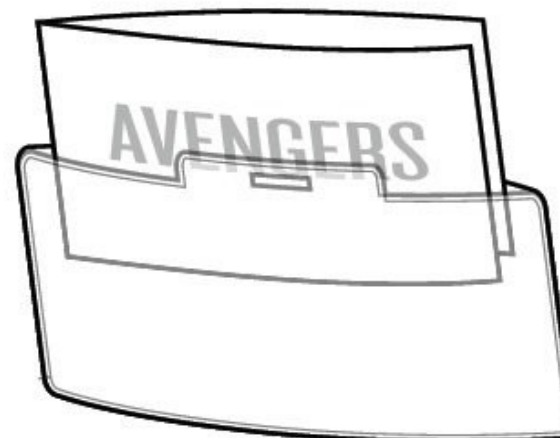

Here is your own replica of the legendary **Avengers Identicard**. In the comics, these cards doubled as high-tech tracking and communications devices, allowing the Avengers to stay in touch through a satellite uplink. This one won't do all that — but it will identify you as an honorary Avenger and remind you to keep an eye out for the stars of the film as shooting starts in Cleveland this month. Remember to report all celebrity sightings to **The Plain Dealer** and **cleveland.com**.

Cut the card out and fold it in half ...

FOLD

Laminate it, put it in your wallet and **hit the streets.**
