Decision: *Mayweather won by unanimous decision*

There was some controversy after 'Mayweather' was awarded the fight as many feel it should have been given to 'Pacquao'.

Look at the scorecard above, why do you think they thought this?

Can you find evidence to backup 'Pacquao' winning the fight?

Challenge: A boxing ring is in the shape of a square, 20 ft on each side. How far apart are the fighters when they are in opposite corners of the ring?
