

Dab and Bottle Flip Maths.

Measure each angle and place in the boxes.

Which angles are there? Write the correct number in the box.

Right angle

Acute angle

Obtuse angle

What is the perimeter of triangle 'A'?

What is the perimeter of triangle 'B'?

Which angles are there? Write the correct number in the box.

Right angle

Acute angle

Obtuse angle

How many degrees will the bottle rotate from
To landing on the table?

The best way to have a successful flip is to fill the
bottle a third full of water - can you draw a line at
about a third full on this bottle?
