Bengali Pentominoes – 3 minutes

Mount the instructions onto card.

Enlarge the rectangle with pentominoes marked on it to A3 size.

Mount on card. This is a 'clue'.

Provide a set of pentominoes (wooden if possible). Prepare them by arranging in the 'clue' pattern and sticking the Bengali numbers 1-60 on.

Provide a base rectangle to arrange the pentominoes on.

During the game the clue should be positioned low down in front of the competitor but facing the rest of the team. The competitor is not allowed to pick it up and look directly at it whilst handling the pentominoes but may run round to look at it in situ if desired. The rest of the team may shout instructions to the competitor using the clue.

Check that the numbers are positioned correctly at the end of the game as some pieces can be turned round.
