21 Mar 1960

WINS: 27
POLES: 53

Fernando ALONSO

DOB:
29 Jul 1981

WINS: 30
POLES: 22

Who is the greatest?

Can you work out each drivers win to pole ratio? Put drivers in order from worst to best ratio.

Order drivers from least to most wins and least to most pole positions.

Could there be other factors that affect these stats? If so what could they be?
