KEEPING SAFE WHEN PLAYING POKÉMON GO

Playing Pokemon Go can be great fun but you must stay safe when playing. Here are some tips to help you stay safe and get the most of your playing experience.

Play with somebody else.

The safest way to play Pokemon Go is to play with a friend or family member. It can be great fun to discover and catch Pokemon together.
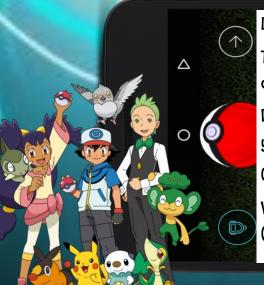

Be Prepared – Set Ground Rules.

Remember rules about meeting and talking to strangers.

Take a battery pack—Pokemon Go drains your battery quickly.

Watch out – be aware of where you are playing, especially if near roads.

Let your parents know where you are going.

Turn off in-app purchasing—Pokemon Go charges for extra items and can get expensive.

Don't catch Pokemon on private property, unless you have been invited.

Only play at night if you are in well lit areas.

When setting up an account, use a pseudonym (Fake name) not your own.
