Elephant: 160%

WEIGHT

LIFTERS

Being strong is all relative – while an elephant is renowned for its strength,

it is by no means the most impressive

weightlifter. Look at this selection of

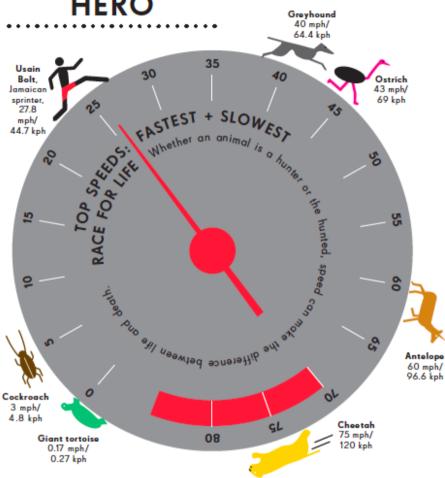

animals to see which can bear the most

in comparison to its own body weight.

Tiger: 200%

5

GROUND HERO

CHAMPION THROWERS

Termites can fire a sticky fluid from their heads.

Pistol shrimps can emit enormously powerful streams of bubbles.

·000

Camels can projectile vomit towards a threat.
