

# Telling the Time with Mister Teach

Time on an analogue clock to the nearest 5 minutes

(Use this resource with Day 2 of '7 Days in Survival Mode'.)

Can you solve the following word problems?

1. I got up an hour before the first time check. What time did I get up?
2. How long did I spend fishing?
3. How many minutes did I spend climbing the cliffs after fishing?
4. How long did it take to get into the cave?
5. Before the video, I spent twenty five minutes crafting tools. I finished at 6.15am. What time did I start?
6. How long in total was I out and about on day 2?
