

Christmas in Space.

Which three presents would be most useful for an astronaut and why?

Write a space themed menu for Christmas dinner. E.g. Roast comet with black hole soup.

Hi I am Tim Peake, UK astronaut. I have just arrived in space and will be spending Christmas here, but need your help with some ideas of what I can do. Please help me.

Astronauts need to keep themselves amused, what games could they play in zero gravity?

Astronauts love to sing, what space themed Christmas carols could they sing? E.g. Away in a Spacecraft.

Design a spaceship for Santa, so that Tim can receive his Xmas presents. Will it still have reindeer pulling it?
