

HT FROM

His whiskers are more sensitive than Santa's.

He does not want to be mistaken for a chocolate bunny by going down the chimney and getting his fur dark with soot.

A fastidious fellow, he doesn't like to get his fur dirty.

Bunny Fur dry cleaning is very expensive!

He suffers from SantaClaustrophobia, the fear of being stuck in a

RESEARCH RESULTS

chimney.

2 out of 3 eggs cracked from deliveries at high altitudes.

Chocolate Easter eggs melt at the slightest warm temperature, whereas Christmas candy canes do not.

88888 98888

Research has shown 54% of bunnies that have used the "chimney route" have been captured to be domesticated by small children.

Research Findings from the Easter Bunny Heritage Foundation www.easterbunnyheritagefoundation.com

THE ONLY WAY SANTA BEATS HIM TO THE CHIR

Santa Claus owns the rights to using chimneys for special holidays.

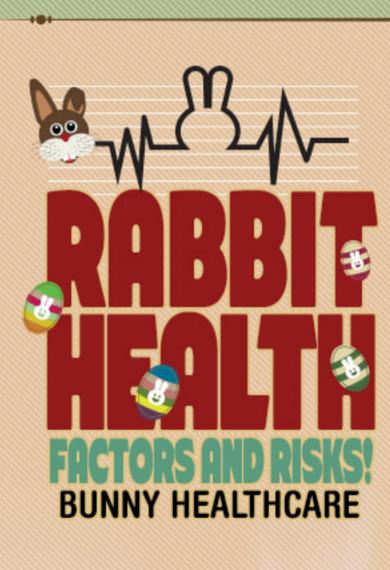

Chimney delivery services are trademarked by Santa.

Santa is a patent troll and has threatened to sue the Easter Bunny over patent infringement.

EVEN THE EASTER BUNNY KNOWS BETTER THAN TO MESS WITH THE LAW

The Easter Bunny avoids fireplaces because he is allergic to smoke.

Lucky rabbit's foot syndrome can be caused by high ash exposure.

Bunny health insurance is too expensive for a self-employed bunny.

HE HAS MAGICAL POWERS, SO WHY IN THE HECK WOULD HE USE A CHIMNEY?

Easter Bunny Key that opens any door lock.

He has the magic

than a speeding beagle!

He's faster

He hops tall buildings in a single bound!

As part of the Holiday

Characters League,

he has super powers.
