

# In Numbers.

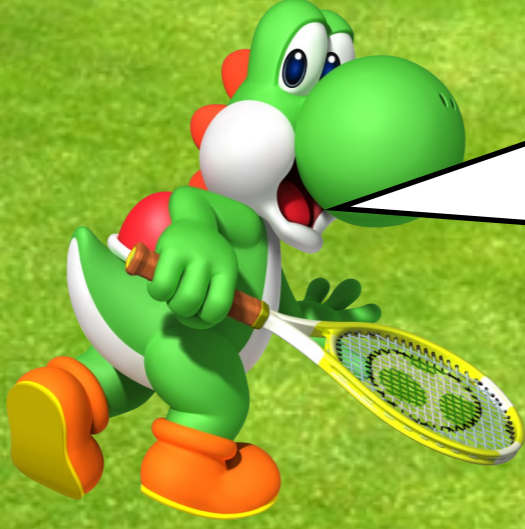

**622 matches** are played in total over the 2 weeks of the tournament  
There are **128 players** in each of the men's and women's singles draw  
**250** ball boys and girls are on collection duty  
**350** umpires and line judges referee the tournament  
The number of spectators who came through Wimbledon's doors in 2014 reached **491,084**

If 622 matches are played over 2 weeks, on average how many matches are played each day?

The tournament has **99%** white clothing – current rules state that players must dress “almost entirely in white”  
Taylor Dent recorded the fastest ever serve at Wimbledon in 2010, whistling in at **148mph**  
**£1.88 million** – that's the prize money collected by both the male and female Singles Champion

It takes **10 minutes** for the Centre Court roof to close  
**3,000 tonnes** – that's the total weight of the roof which covers an area of 5,200m (the equivalent of 7,500 umbrellas)  
**2010** was the last championships not to have any rain delays

It takes the court roof 10 minutes to close, how long is that in seconds?  
The roof covers 5,200 metres, what is that in inches?

**350,000** cups of tea are served during the Championships. spectators can purchase one of **230,000** glasses of Pimms.....**100,000** pints of beer or – if they're feeling flash – **28,000** bottles of champagne.  
**28,000 kg** of strawberries and **7,000** litres of cream are guzzled during the two weeks.  
**15,000** bananas are brought in for players.

How many cups of tea, glasses of Pimms and pints of beer are sold in total?

If 622 matches are played and 54,250 balls used in the tournament, on average how many balls are used each match?

The All England club has **41 grass courts** (19 championship courts plus 22 practice courts), with the grass cut to a precise **8mm**  
**54,250 balls** are used throughout the tournament, stored at a constant **20 degrees celsius**
