

Is it possible to create a scale for your measurements?

X Wing Fighter Blueprint.

The Empire have managed to steal the blueprints of the X-Wing Fighter from R2D2. Darth Vader plans to build his own X-Wing Fighters to cause confusion amongst the rebels. Can you help the dark side by finding out the measurements of the ship?

T-65 X-WING STAR FIGHTER

INCOM CORPORATION

X-Wing Tactical Assault Star Fighter:

The T-65 Star Fighter was the pivotal machine in any conflict against the Imperial Empire. Well-known for its extreme diversity, the X-Wing Star Fighter could undergo most mission sorties. Equipped with a hyper drive, deflector shields and a basic R2 astromech for navigation the X-Wing Star Fighter was the favoured fighter for Rogue Squadron.

Armaments:

- 4 x Laser Cannons
- 2 x Proton Torpedo Launchers
