

Strange Symbols

The strange symbols below represent positive numbers.

If the following equations are true:

$$\begin{aligned} \text{eye} + \text{eye} &= \text{yog} \\ \text{N} + \text{N} + \text{N} &= \text{yog} \\ \text{N} + \text{eye} &= \text{inv} \end{aligned}$$

Then place the symbols in order from smallest to largest.

_____, _____, _____, _____,

If the following equations are true:

$$\begin{aligned} \text{H} + \text{S} &= \text{II} \\ \text{II} + \text{S} &= \text{u} \\ \text{H} + \text{II} &= \text{w} \\ \text{S} + \text{S} &= \text{II} + \text{H} \end{aligned}$$

Then place the symbols in order from smallest to largest:

_____, _____, _____, _____, _____,
